

# ROVER QUINTET

with quality and equipment that place it firmly in the luxury class. A thoroughbred in every sense of the word.

**THOROUGH ENGINEERING** — An advanced, four-cylinder OHC engine that combines surprising performance with exceptional economy.

**IMPECCABLE ROAD MANNERS** — The security of front wheel drive and fully-independent suspension with negative offset steering geometry.

**TOTAL VERSATILITY** — Provided by a wide-opening tailgate, two-way parcel shelf and individually-folding rear seats.

**EFFORTLESS DRIVING** — Thanks to

power-assisted steering and brakes and a choice of 5-speed manual or semi-automatic transmission both incorporating overdrive.

**LUXURY INTERIOR** — With electric windows, fully adjustable drivers seat, headrests front and rear, and a stereo radio/cassette with autoreverse, music search and electric aerial. Optional are air conditioning and an electric smoked glass sunroof with built-in wind deflector and internal shade.

**AND BUILT TO LAST** — Using zinc-coated steel panels, wax injection, plastic front-wheelarch liners and thick, anti-chip sill paint.

The Rover Quintet offers the best of everything — a new solution for those who won't settle for anything less.

**T**he Rover Quintet is a new concept in motoring. A compact car

## SPECIFICATIONS

### TECHNICAL

**Engine:** 4-cylinder, overhead camshaft, transverse mounting. Aluminium alloy cylinder head, electronic ignition.

**Capacity:** 1602 cc.
